ORGANISATION — BULK LICENSES

Per-seat pricing, discounted for volume. Seats are added and managed by your own organisation admin — no per-person purchase.

SEATS	PRICE PER SEAT	BEST FOR
20–49	\$65	Small teams / single department
50–149	\$50	Mid-size company or institution
150+	\$35	Enterprise / government agency (custom quote above 300)

25 seats @ \$65 \$1,625 ≈ KES 210,000	75 seats @ \$50 \$3,750 ≈ KES 485,000	200 seats @ \$35 \$7,000 ≈ KES 905,000
---	---	--

KES figures are illustrative at a ~130 KES/USD reference rate — actual charge uses the live rate at time of invoicing.

Why this beats the obvious alternative: Coursera for Business and Udemy Business typically run \$300–400 per seat, *per year*. LearnPulse licenses are one-time, not a renewal — on a 100-seat rollout, the total cost of ownership isn't close.
